LANCOM R&S®UF-50
Quick Reference Guide

MOUNTING AND CONNECTING THE DEVICE

LANCOM R&S®UF-50
Quick Reference Guide

1 Power connector
   After connecting the power supply cable to the device, turn the screwcap clockwise to prevent the jack from accidental unplugging. Use only the supplied power adapter.
2 Power button
   Press the power button to start up the device. To power off the device, press the power button for 5 seconds.
3 USB 2.0 interfaces
   Interfaces for device software re-installation
4 Serial configuration interface RJ45 (Console)
   Maintenance interface for expert configuration
5 TP Ethernet interfaces eth0 - eth3
   Connect one of the eth0 - eth3 TP Ethernet interfaces with the enclosed Ethernet cable to your configuration PC or other networking components. Initial setup advice can be found in the supplied quick install guide.
6 Reset button
   Short press - device restart

Please observe the following when setting up the device:

A The mains plug of the device must be freely accessible.
A For devices to be operated on the desktop, please attach the adhesive rubber footpads.
A Do not rest any objects on top of the device and do not stack multiple devices.
A Keep all ventilation slots of the device clear of obstruction.
