Alcatel-Lucent Enterprise Verification of LANCOM 1783VA Business VoIP VPN Router

Alcatel-Lucent Enterprise is pleased to announce the verification of the LANCOM VoIP-VPN-Business Routers with OmniPCX Enterprise.

OmniPCX Enterprise is the award-winning telephony solution introduced to enable users to communicate in real-time, anytime, anywhere, with any device.

The following components are verified for use with:

Alcatel-Lucent OmniPCX Enterprise Release 12.1 - Version m2.300.18d or later

<i>LANCOM series</i>	<i>Firmware version</i>
1906xx VoIP-VPN-Routers	From LCOS Version 10.12 RU6
1783xx VoIP-VPN Routers	
1784xx VoIP-VPN-Routers	

The goal of this verification initiative is to investigate situations where customers want to operate the LANCOM VoIP-VPN-Business Routers as Session Border Controller in connection with OmniPCX Enterprise.

For more details on the tested scenarios please refer to the corresponding test plan.
