*** Note**

The entitlement to security updates until End of Life (End of Sale + 5 years) only applies with a support contract (e. g. by registering [LANcare products](#), see LANcare comparison on the following page). If none of these conditions apply, the entitlement to security updates is limited to EOS + 2 years.

Further information

The hardware products in this overview are part of the LANCOM Lifecycle Management. For more information, please visit our website at www.lancom-systems.com/lifecycle. For more information regarding our workshop program and other available service and support options, please visit www.lancom-systems.com/service-support.

Definitions

DOA: Dead on Arrival Policy with NBD delivery
 End of Sale (EOS): Day of the official sales stop of the product by LANCOM
 End of Life (EOL): End of Sale + 5 years

LANcare comparison

LANcare service products give you worry-free service in the long term: As a strong basis for your continuous, secure business operations, LANcare allows you to plan and calculate costs and services right from the start, so that investments are protected and LANCOM products are secure in the long term.

Note

¹ LANcare Direct Advanced can be extended up to a maximum of five years. Alternatively, you can register LANcare Direct for the device. You will then continue to receive LANCOM manufacturer support.

² Exceptions are LANCOM unmanaged switches, AirLancer products, and accessories. LANcare products without advance replacement are recommended for virtual products.
